Workshop AGILENT

11th October 2022

9h30 – 12h00

ONCOLILLE Building – Lille Hospital Campus – Conference Room Axel KAHN

- 9.00 Coffee
- 9.30 Welcome (I. Van Seuningen – ONCOLILLE Director)
- 9.40 The partnership with Agilent (V. Senez – CNRS – UMR9020 CANTHER)
- 9.50 Overview of Agilent and Cell Analysis Division (Y. Abassi – AGILENT USA)
- 10.10 The Seahorse XF system and its cancer/immunotherapy focused applications (C. Iochem – AGILENT - Europe)
- 10.35 Agilent BioTek Cytation Technology: A revolutionary modular tool for smarter detection, characterization, and screening (C. Amirmansour – AGILENT USA)
- 11.00 Use of tumoroids for predictive and research purposes (A. Vincent – Inserm – U1277 CANTHER & L.-B. Weiswald – U. Caen)
- 11.20 ImpedanCELL, a technological platform at the heart of cellular breaking news: focus on electrical monitoring of 2D cell culture with xCELLigence (E. Brotin / C. Denoyelle – U. Caen)
- 11.40 Electrical monitoring approaches in 3D cell culture systems (Vincent Senez – CNRS – UMR9020 CANTHER)
- 12.00 Adjournment
